Spring Road Run - Pages 8 & 9

www.1020mg.org.uk

Chairman's Chat - May 2024

I am writing this the day after our 2024 Spring Road Run which, I am assured, was enjoyed by everyone who took part.

The route, planned by Pat and myself, was praised for finding relatively traffic-free lanes through the New Forest and while ponies are usually the most common hazard, it seemed that cyclists were the main delaying factor this year.

Richard, the owner, and his team at The Amberwood pub at Walkford were very welcoming, friendly and efficient - and most people forgave him the fact that he owns a classic VW Beetle rather than an MG.

Since finding the pub, after our original chosen venue proved unsatisfactory, Pat and I have been back to sample the menu several times and the food has always been well up to standard - we may well be using this pub again in the future.

Our next seasonal outing is the Summer Road Run on Sunday 28 July which is being planned by Adrian Mullins and will include a Treasure hunt to keep everyone busy. Finish venue will be Damerham Village Hall near Fordingbridge where we will be providing a picnic lunch for everyone as part of the entry fee.

As you will see on the next page of this newsletter we are keen to encourage other club members to come up with some routes for future runs - if you know an area of the region we haven't journeyed to in recent years and can suggest a welcoming pub for lunch then please contact Adrian Mullins who can talk you through the process of organising a road run.

RAIN STOPS PLAY

Like many other club members I had anticipated that by this time I would have been able to get out one of my classic MGs and attend one of the many events that kick-off the car show season - but alas the almost non-stop rain has scuppered many events.

One of those that fell foul of the weather was the Organford Show which was bogged down in mud, while the Quomps at Christchurch lived up to its name (meaning boggy ground) and was unfit for the first Classic Car gathering of the year scheduled for early April - however it did take place on Drive It Day.

Even Beaulieu has been hit, having to cancel its first three Simply Sundays including the Italian Day which should have coincided with our Spring Run.

Let us hope things improve this month so we can finally get out and about in our MGs.

MACMILLAN CARING LOCALLY

As Golden Partners I hope lots of you will be supporting events this summer that will be helping to raise funds for one of our nominated charities - Macmillan Caring Locally.

Our next event is a coffee morning on May 25 which Pat and I are hosting in our garden (weather permitting) - everyone is welcome - see full details later in this newsletter.

This will be followed by a club display at their Summer Fete on Saturday 15 June - anyone interested in taking part should contact me.

WHO WERE THE FOOLS

It seems that Adrian Mullins, Les Cherrett and Pip Bonner had most of you fooled at last month's club night with the winning team only correcting identifying half of the definitions of a range of obscure words and Dorset slang.

MID-MONTH PUB MEETING

Finally, may I remind everyone that our mid-month informal meetings with a meal resume this month with the Carpenters Arms at Bransgore being the chosen venue on the evening of Wednesday 15 May.

We will be arriving for 6pm in time to sit down to eat at 6.30pm - we will be having our own dining area. There is no advance payment or need to pre-order your meal just let Colin Sexton (his email is below) know you will be there and he can reserve a place for you.

Chris Adamson

Athelhampton Working Group - Colin Sexton - colin@1020mg.org.uk

May Club Night - Romance & Scandal

The love lives of famous Bournemouth residents, such as Robert Louis Stevenson, Fanny Cradock and Harry Redknapp will be revealed at this month's club night by speaker Hattie Miles.

In her illustrated talk, Romance and Scandal in Bournemouth, Hattie will tell you love stories about a diverse collection of one-time local residents, some, it turns out are heartwarming and others hilarious.

Among the stories will be what made love blossom for this devoted couple (pictured right) and what is their local connection? All will be explained in Hattie's talk.

Reminder that at the meeting you can obtain entry forms for the Westival Show; our big day out at Athelhampton House; River Cruise and BBQ and, of course, tickets for the monthly raffle.

Mid-month pub meeting

Returning by popular demand this month is the informal 1020 mid-month, mid-week pub dinners - these are set to start on Wednesday 15 May when we will be meeting at the Carpenters Arms at Bransgore on the edge of the New Forest.

This venue proved very popular last year, and the food was universally praised - this time we will have our own dedicated dining area, which can cater for up to 30 people.

Cars can arrive from 6pm for dinner at 6.30pm - MGs are optional but encouraged (weather depending); last year we had a very good turnout that was almost exclusively all MGBs.

There is no money to pay up-front (it is pay on the day) and no need to pre-select your menu choices.

All we need is a list of names so we can tell the kitchen staff at the pub how many people to expect.

Committee member Colin Sexton (who lives a stone's throw from the pub) is organising the evening and you can tell him if you want to be involved either at the May club night or by email at: colin@1020mg.org.uk

Your Road Run ideas wanted

Previous seasonal road runs have been prepared by Les and Jacky Cherrett and Stefan Morawiec and were very impressive using roads and offering sights unknown to many of us.

The success of these events is a testament to the fact that there are parts of the south coast waiting to be discovered by even those born in Dorset and Hampshire and, based on this, road runs co-ordinator Adrian Mullins is hoping that this will encourage other club members to share their knowledge and experience of the region.

Adrian writes: 'The recent well-supported road runs demonstrate that we all know areas that are unfamiliar to the rest of us and would form the basis of a good run.'

"To organise a run is actually fun and offers a real sense of achievement while giving something back to the club. To do a run is not as hard as many people think and my role as co-ordinator is to help in any way I can. Not to do the run but to help with it.

"In the past people have told me that the problem is knowing where to finish. We have, over the years built up a vast depth of experience of suitable lunch locations, so we can tap into this once we know the general area to be covered.

"I believe that we all have at least one run in us - so, I am asking for club members to volunteer and to help take the workload from a few people who have provided great service over the years.

"We only do four runs a year and with the next two runs already covered we have plenty of time to prepare over the Summer giving someone out there the opportunity to volunteer their services for the Autumn and Winter Runs to come.

"So, if you have been thinking about it and you would be interested, please come and see me or email me at adrianmullinsmgb@gmail.com to discuss.

"The more people we get to volunteer the better it is for the club and the more variety we can put into the road runs."

Macmillan Caring Locally Summer Fete

A few places are still available for the club stand at the Macmillan Caring Locally Summer Fete which is being staged at Christchurch Hospital on Saturday 15 June running from 12noon until 3pm.

The day features raffles, games, stalls, food stands, displays by the police and fire brigade, and a classic car show.

We have been allocated a stand space for six cars and the club gazebo - Chris Adamson and Patricia Lodge will be organising the display - details and names to: chris@1020mg.org.uk

Anyone who would like to bring their MG along for the afternoon (there is no entry fee) should give their name and details to Chris Adamson - places will be allocated on a first come first served basis.

As Golden Partners with the charity we have also been invited to attend a 50th anniversary Big Birthday Bash at Tuckton Tea Gardens on Friday 26 July. The event runs from 12noon until 8pm and you may drop in at any time or stay all day.

The day features a BBQ and bar (pay for what you order on the day), music, games and a raffle.

To help with catering, anyone from the club who plans to attend is asked to let Chris Adamson know in advance so that he can advise the organisers on likely numbers.

You can see more about the charity's events planned for 2024 at www.macmillanlocal.org/events-and-challenges/

1020 Coffee Morning - everyone invited

Area Secretary Chris Adamson and Membership Secretary Patricia Lodge will be hosting a fund-raising coffee morning in the garden (weather permitting) of their home (40 Baring Road, Bournemouth BH6 4DT - look out for the MG banners) on Saturday 25 May in aid of club charity Macmillan Caring Locally.

Admission is £5 per person on the day and includes a hot drink and a cake. The event will run from 10.30am to 2pm - everyone is welcome to come along.

There is plenty of on-street parking.

The location is just a few hundred yards from the sea at Hengistbury Head with views across to the Isle of Wight and the Purbecks, so why not bring a bucket and spade and make a day of it with a visit to the beach afterwards.

Show season begins - weather permitting

The summer season of car shows is starting to get into full swing this month - hopefully the wet ground conditions will dry-up enough to allow events to take place.

It had been hoped there would be enough support to have a club stand at the **Dorset Blind Association's Motor Show, at Lulworth Castle on Sunday 12 May** but, sadly, the response has been slow, so this won't now happen.

However, individuals can still take part and several 1020 members are already booked in. Entry fee for those exhibiting their car is £12 per person (plus a £1.70p booking charge), which includes a breakfast bap, hot drink, admission to the showground and entry to Lulworth Castle.

The showground will be open to the public from 11am until 4pm (display cars can arrive earlier) and the event also features live entertainment, a kids' fun area, street food, and stalls selling local artisan craft and produce.

Tickets for the show can be booked on-line at: <https://DBAMotorShow2024.eventbrite.co.uk>

FERNDOWN FETE ON THE FIELD

Next month we have been invited to take part in the **Ferndown Fete on the Field on Saturday 15 June** at the King George V Playing Field. Note this is the same date as the Macmillan Caring Locally Summer Fete at which the club will also be represented.

Adrian Mullins is taking a list of names of those planning to attend the Ferndown show so that he can advise the organisers how much space to allocate for the club stand - you can email Adrian at: adrianm@1020mg.org.uk

There is a £5 per car fee to be part of the Custom and Classic Car Show (you are asked to register individually on-line in advance to take part) with entries closing on 07 June.

Classics aged over 20 years are eligible.

However, if cars are of special interest and part of a club stand younger models are permitted. Gates open to exhibiting cars from 8am to 10.40am via Cherry Grove.

You can reserve your place in the car show and pay your £5 entry fee at: www.ferndownandparleyrotary.org/event-details/car-show-2024-vehicle-booking

THRUXTON HISTORIC FESTIVAL

Club members interested in classic circuit racing are being invited to join like-minded enthusiasts from Wessex Vehicle Preservation Club (with your MG) on their display stand at the **Thrupton Historic Festival over the weekend of 22-23 June**.

You will need to book a place on-line for either the Saturday or the Sunday (or both) - for this you will need a discount code to obtain the reduced rate for exhibiting car club participants. Discounted car club tickets are £15 per adult for a one-day ticket (there is no charge for the free vehicle display pass, but each adult will require their own ticket).

Weekend car club tickets are £28 per adult (camping on site is free of charge). Children 15 and under are admitted free of charge when accompanied by an adult ticket holder.

More details about the weekend action and facilities are available online at: www.thruptonhistoric.com

If any 1020 members are interested in taking part, they can contact fellow 1020 club member Janet Palmer for full details including the discount code to obtain the reduced entry tickets, admission times etc.

Email Janet at: familypalmer29@hotmail.com

Verwood Rustic Fayre

Interest has been expressed in the club taking part in the Verwood Rustic Fayre on the August Bank Holiday Monday; this would involve a short convoy run to allow everyone to be parked together as a group.

The organisers have changed the arrangements for vehicle displays at Potterne Park this year and are no longer offering individual club display spaces at a set fee. Instead, they will be charging individual owners £7.50 per car which has to be booked in advance and then parking cars as they arrive.

Those interested in taking part would have to assemble locally beforehand at a set time (likely to be around 11am) so that club cars can drive in convoy and arrive and be parked together before the 11.30am closing time, prior to the show opening to the public at 11.45am. Cars would then be required to stay on site until 4.30pm.

Pip and Ursula Bonner have volunteered to organise the club attendance and can supply advance booking information either at club night or via email: pip@1020mg.org.uk

Book now for Westival 2024

In recent years the most popular local show for club members to attend as a group has been the Westival Show at West Moors - last year over 20 club cars attended this friendly and relaxed event - so we are going back in 2024.

Two of the main attractions of the show for club members are that it is free to enter and that you don't have to be on site until 11.30am which means a relaxed start.

This year the event takes place on Saturday 13 July at Fryers Field (exhibitor entrance is from Bond Avenue). It opens to the public between 12 noon and 4pm.

Attractions include a variety of over 60 stalls featuring crafts, local produce, local charities and local businesses, live music, ferret racing, bike stunts, fairground rides, children's entertainment and a selection of catering with a choice of pizza, burgers, a hog roast, crepes, doughnuts, ice cream and a bar.

The car show element is open to MGs of all ages (we are one of the local clubs who are regulars at Westival).

Entry forms are now available from Chris Adamson at club nights or request via **email: chris@1020mg.org.uk** and can also be downloaded from the diary page of the club website.

1020 Summer River Cruise & BBQ

Booking is now open for the Bournemouth & Poole MGOC River Cruise and BBQ on Saturday 03 August - already there has been a big show of interest in this summer social.

Participants will be gathering at Tuckton Tea Gardens overlooking the River Stour at 6pm for a 6.30pm departure on one of the Bournemouth Boating Services classic touring boats (there is a roof if the weather is inclement).

There is plenty of free on-street parking in the vicinity and a pay car park close by.

The hour-long cruise will travel down the Stour towards Christchurch Harbour passing locations such as the Captain's Club, Christchurch Quay and Christchurch's famous Priory before returning to Tuckton for the BBQ.

We will have exclusive use of the Tuckton Tea Garden's café (with optional indoor seating) where a variety of burgers, chicken, sausages etc will be cooked and served along with a large selection of salads and accompaniments.

The club will be funding a glass of wine or soft drink for everyone - in addition you can bring your own beverages (wine, beer etc) of choice. Ice cream, tea and coffee will be available to purchase on the day.

The cost for the cruise and BBQ is £35 per person.

Booking forms are available from Chris Adamson or via email: chris@1020mg.org.uk

MG100 Cavalcade

A year of national celebrations to mark 100 years since the creation of the MG marque are set to conclude this month with a John O'Groats to Land's End Cavalcade.

This takes place between Tuesday 30 April and Saturday 25 May and is being organised by the MG Car Club and includes a stop over at the National Motor Museum in the New Forest.

The first leg travels from John O'Groats to Inverness and then south through Scotland with a hop across to Northern Ireland (03-05 May) before returning to England journeying from Carlisle to Durham, Harrogate, Hull, and Stockport before stopping at Longbridge (14 May), Gaydon (15 May) and Abingdon (16 May).

It then becomes part of the MG100 event at Brooklands (18-19 May) prior to transferring to the National Motor Museum at Beaulieu (21 May) via Petersfield and Winchester.

The south-west leg starts on 22 May and travels from Beaulieu (after a full day at the museum and its attractions) to Salisbury and up to Warminster eventually heading for Bristol, Weston-Super-Mare, Exeter and, finally, arriving at Land's End on Saturday 25 May.

Full details of the event and a day by day itinerary can be found at: www.mgcc.co.uk/mg-car-club-mg-100-cavalcade-john-ogroats-lands-end/

Our big day out at Athelhampton House

Put the date in your diary now . . Sunday 18 August 2024.

This is our annual 1020 Garden Party and Picnic at Athelhampton House near Dorchester when we invite MG owners from across the region to join us. It is also our major fund-raising activity of the year for our charities Dorset and Somerset Air Ambulance and Macmillan Caring Locally.

The entry fees have been held at the 2023 prices - this means it will be £10 per person if booked in advance or £12 per person on the day. This gives admission to the event and the Athelhampton gardens.

Participants will also be able to tour the house, which now has more rooms open including a period bedroom and a new Athelhampton archive display for a discounted £5 per person on presentation of the event programme.

Athelhampton House is Britain's first carbon neutral manor house following the installation of an array of solar panels and ground heat source pumps which has significantly reduced their energy consumption from the national grid.

Those who are interested in the technology can join an Eco Tour on the day given by general manager Owen Davies - this needs to be booked in advance via the Athelhampton website.

On the rear lawns we will have our usual selection of stands including the grand tombola, rolling wine draw, jigsaws sales and name the dog.

Volunteers will be needed to staff the welcome gate, organise the parking and supervise the stalls.

Entry forms now available from Chris Adamson at club nights, or via **email: chris@1020mg.org.uk** or downloaded from the Athelhampton page on the club website: www.1020mg.org.uk

Synthetic fuels top classic alternatives

Synthetic fuels are the favoured zero-emission alternative for over three-quarters of classic and collector car owners, according to a survey by classic insurance specialists.

It asked owners: 'How do you think you would power your classic / collectable car if petrol or diesel wasn't available?' and 76 per cent voted for synthetic fuels, and the other 24 per cent thought they would convert their classic / collectable car to run on electric power.

Synthetic fuels, or e-fuels, are made from bio waste, itself being a product of biological organisms such as plankton and algae that absorbed energy from the sun millions of years ago, or other synthetic CO₂-neutral masses. Not only are they less harmful to create, i.e. not using oil-based raw materials to make the fuel, but when synthetic fuels are burned, they also produce fewer harmful emissions.

While some large vehicle manufacturers are investing in synthetic fuels, it's widely reported that synthetic fuels may be one alternative way to power vehicles that have already been made and, due to the petrol pump infrastructure already in place, work best for classic or performance vehicles.

The results came from a poll during a Historic and Classic Vehicles Alliance (HCVA) meeting.

"This is a fascinating question, and one that we are often asked," commented chief executive of the HCVA, Garry Wilson.

"The reality is that if people want to keep running their classics on petrol, there will be plenty available for several decades to come. My main message is don't panic. Most of us will not have to make this difficult decision."

Expanding on the question, Wilson believes it's very much a personal decision. "Some classics are deeply impressive converted to electric, but do it because you like how they drive, not because you think you are contributing to saving the planet, which you won't be unless you drive it enough miles to recover the CO₂ spike caused by battery manufacture," he emphasises.

"Sustainable fuels are a drop-in solution that, when they become widely available, we can all use without any modifications to our engines, slashing our carbon emissions immediately to 80 per cent of net-zero. That's a huge environmental win that also protects the character of classics."

Managing director of Footman James, David Bond said: "I am pleased to hear owners are thinking about the future and how they may be able to align their classic cars with a net-zero future.

"Understanding the power that alternative fuels have for our classic and collector car industry, shows not only a potential positive outlook ahead, but also highlights to organisations the power that e-fuels have to secure ICE cars' relevance and sustainability in the future.

"After all, if we can keep more cars on the road rather than manufacturing new, that will save millions of tonnes of embedded carbon."

Spring Road Run

1020 marked National Drive It Day with a Spring Road Run and Pub Lunch that started with coffee and cakes at the Sammy Miller Museum before heading into the picturesque New Forest with its colourful mix of flora and fauna.

The scenic 46-mile road route was tackled by 21 club cars ranging from an early TA through to a modern all-electric MG4 and, while MGBs dominated as usual, there was also a TD, MGA, RV8, ZS, MGTF, MGF and MGC and a pair of MGB V8s.

The route took participants through Sway, Brockenhurst, Beaulieu and Exbury to Lepe (with views across to the Isle of Wight) and then back via Lymington and Milford-on-Sea before 42 people sat down for a roast lunch at The Amberwood pub at Walkford.

The next seasonal road run will be on Sunday 28 July and include a picnic lunch at Damerham Village Hall.

Spring Road Run - more images

Beaulieu Spring Autojumble

Having been forced to cancel their first three Simply events due to waterlogged ground conditions, Beaulieu is hoping that things will have dried up in time for one of their biggest events of the year - the Spring Autojumble on Saturday 18 and Sunday 19 May 2024.

The one-stop-shop for all your classic motoring needs remains as popular as ever and for regulars there will be a few changes - for starters the bank between the green and red fields has been removed and a new permanent toilet block is being constructed (hopefully it will have been completed in time).

As usual the autojumble will offer plenty for enthusiasts, as the contents of hundreds of garages, sheds, lock-ups and lofts go on sale for the weekend at the hundreds of stalls.

In addition complete vehicles will be up for grabs in the Automart and the Sunday features the popular Land Rover Rummage and Trunk Traders for anyone looking to sell off their surplus motoring paraphernalia.

This year's featured car club displays include the MX-5 Owners Club and the Morgan Sports Car Club.

Our good friends at the Dorset Branch of the Morris Minor Owners Club will be returning with MoggyFest.

One-day and two-day Spring Autojumble visitor tickets can be bought online. For more details and to book your tickets, visit www.springautojumble.co.uk or call 01590 614614.

Win an MGB GT

The National Motor Museum is offering visitors the opportunity to win a classic British Racing Green 1972 MGB GT in its annual prize draw.

In the past the draws have featured a brand-new car, but this time they are trying something different.

The car (which features a full black leather interior with up-rated walnut dashboard) is powered by a standard 1.8 litre B-series engine with a four-speed gearbox and overdrive plus the addition of electric power steering. It has been restored using a BMH Heritage bodyshell by MilestonesClassics.

This time there is an alternative £10,000 cash prize. Second prize is a seat in one of the National Motor Museum's historic vehicles on the London to Brighton Run 2025 (with accommodation in London).

Third prize is a trip for three around the New Forest in a vehicle from the Museum Collection and a chocolate treat from the Beaulieu Chocolate Studio.

Tickets cost just £2 and can be purchased at the museum information desk, or by phoning 01590 614792. The prize draw will take place on Friday 28 March 2025 at the museum.

National Motor Museum re-vamp

The National Motor Museum has landed a £226,000 grant from The National Lottery Heritage Fund to finance a major refurbishment programme that includes transforming the entrance and welcome desk and creating a new gallery.

Displays will explain the origins of the museum and its direct connections to the pioneers of motoring while the main gallery space will display a new permanent exhibition 'The Ages of Motoring'.

This will showcase the development and social history of cars and motorcycles from the 19th century, through 20th century and beyond.

Preparation work for the changes has already begun with the installation of new automatic doors at the museum entrance while the overhead canopy has been painted in its original orange colour scheme.

Jon Murden, Chief Executive of the National Motor Museum says: "The funding will enable the museum to develop new and imaginative ways of sharing the story of motoring through our collections, demonstrating the way motoring affects the lives of almost everybody and shapes society, showcasing the past, present and future of motoring."

The heritage fund grant will also support the museum's Learning Team. The two-year project will see the museum collaborate with local community groups and will explore motoring themes relevant to contemporary audiences and address gaps in representation within the collections.

Interior make-over

If you are planning to re-upholster your MG in the near future, club member Ian Hanstead recommends checking-out the services provided by local specialists Rawhide Upholsters at Ferndown.

Ian relates his recent experience of having the seats of his MG RV8 re-trimmed . . .

'It all started last year on our club's Pride of Ownership night when I asked Wayne Healey (car valet and event sponsor) for some advice on cleaning up the leather seats in my RV8.

After a short trial on the leather, he advised that the seats had 'seen better days' - very dried out and in places small tears had started. He suggested replacement seat covers was the better option, or advised I contact Rawhide Upholsters at Cobham Road on the Ferndown Industrial Estate.

I checked out the price for replacement seat covers including headrests from Clive Wheatley MG V8 specialists - - not cheap! And I would have to do the replacement too.

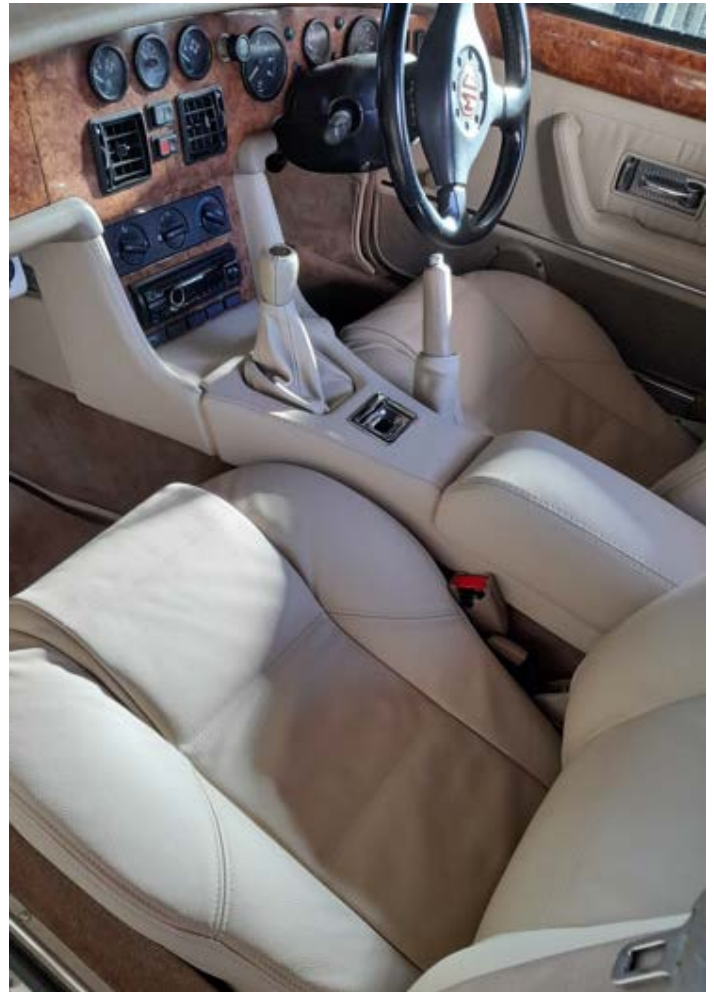

As a result, I popped down to Rawhide and met James who runs the unit. He advised he could do bespoke identical replacements in leather and vinyl to match, replace any rotten foam, and recover the two rear internal panels which are no longer available, from the surplus vinyl.

The total job worked out cheaper too!

He showed me the current job he had just completed which was replacing the seats in a TR6 - I couldn't fault his work, so I booked my car in.

Upon collection, what a difference, and what a good job. I am certainly pleased with the results - much better than I could do! And because there was some leather left over, he replaced the gaiters to the gearstick and handbrake for nothing - bonus!

Now, the rest of the interior was put to shame, so I asked for a quote to replace the carpets, panels to the door (including re-leathering the door arm rests) and front kick sides, replace the leather centre console arm rest and change the vinyl to leather on the console.

The quote was less than a set of replacement carpets.

Now, all completed, and what a difference! I'm impressed to have found a local company that does a great job and reasonably priced. I would recommend him to fellow club members.'

HENSTRIDGE WINGS & WHEELS

Hundreds of classic cars are expected for the Wings and Wheels event at Henstridge Airfield on Saturday, 24 August 2024.

Running for nearly a quarter of a century, the event also features over 100 classic aircraft and flypasts as well as a selection of craft, vintage and trade stalls as well as food stands.

Entry fee is £10 per person - details on how to register to take part can be found on the website: www.wingsandwheelshenstridge.com/cars
