Chairman's Chat - June 2025

As even a casual glance at the club calendar will show, it's going to be a very busy summer for 1020 with shows, road runs and other outings planned.

Arranging participation in all these activities is down to the small but consistently hard-working committee which could desperately do with some assistance from other club members.

There are over 100 paid up club households (so closer to 200 individual members) registered with 1020 yet it is down to a group of just 10 people to arrange everything - surely there are others out there who can help?

You don't have to commit to being on the committee or attend regular meetings but if you can give some time to arrange just one event for fellow club members (be it a coach trip, mid-month pub meal or devising a road run) this would help spread the workload. Please contact me if you can support the club in this way - every little helps.

At least one other local car club is on the verge of closing due to a lack of people willing to give some of their time to keep the club going - let's hope that 1020 doesn't go the same way.

SUMMER SHOW TIME

There is still time to book your place on one or more of the local shows we will be attending this year to promote 1020 and its members' cars.

They start on Saturday 14 June with the Macmillan Summer Fete. The following month, on Sunday 06 July we will be at the Broadstone Fun Day and a week later on Saturday 12 July we return to Westival, at West Moors which is always a popular event for club members and is well supported.

Entry forms for all these 'free' shows can be obtained from me at club nights or via email - forms also appear on the diary page of the club website.

ATHELHAMPTON - OUR BIG DAY OUT

Entry forms are also now available for our big annual event - our Garden Party and Picnic at Athelhampton House on Sunday 10 August.

Many have already entered but we need full support from everyone in the club to make it a success and raise lots of money for our charities.

Advanced entry fee is £12 per person (more details later in this newsletter) and booking forms can be obtained from me at club nights for one is found on the club website.

CALLING ALL CAKE BAKERS

This year at Athelhampton we will be having a fund-raising Cake Stall - and we need suitable cakes to fill it.

If you have a family favourite you can prepare for the day please let Pat Lodge know in advance so we can ensure there are a wide variety of cakes for people to choose from.

Ideally they should be individual small cakes or cakes that can be easily cut into slices to serve. You also need to be able to provide a list of ingredients for those with special dietary needs.

WHERE IS THIS MIDGET?

A gentleman in Somerset has contacted me to ask if any club member knows the whereabouts of an Old English White 1967 MG Midget registration MYC 449E?

He is a previous owner of the car and would like to find out where it is today as he is keen to try and buy it back. His research has found that the most recent registration document for the car was in the BH area, so he is hoping it is still local to Bournemouth.

If you know where the Midget is please let me know.

WANTED GREEN MG TF

I have also been emailed by a local MG enthusiast who is looking to acquire a green MG TF, preferably with the 1.8 litre K Series engine - anyone know of one that is for sale, or might be for sale? Again let me know and I can pass on the details.

QUIZZERS WANTED

As the current title-holders, 1020 will be hosting the local automotive Inter-Club General Knowledge Quiz at Hamworthy Sports Club on the evening of Tuesday 25 November. Anyone who would like to form a club team (up to six people) please let me know.

June club night - Bee keeping

Bee keeping, the importance of bees for the health of our planet and all things honey will be the main talking point of this month's club night on Monday 02 June.

Guest speaker will be club member Sue Hanstead who will be talking about the life of the bee, how important it is for pollination in our gardens and agriculture and explaining how to keep bees and extract honey and other products from them.

Her real-life experience should make for a fascinating and informative talk.

As an added incentive to attend the meeting, Sue will have some samples of her honey for everyone to try and there will be a selection of honey-related products in the monthly raffle.

A reminder: we are always in need of prizes for the raffle (please hand them to Jackie Cherrett) the proceeds from which help to defray the cost of hiring the room each month.

You can also bring along items that may be suitable for the Grand Tombola at our annual event at Athelhampton House - Pat Lodge will be taking these from you.

At the meeting you can also sign-up to join us for the 1020 Summer Road Run and Barbecue (Sunday 29 June) or book a place on the club stands.

These are; the Macmillan Caring Locally Summer Fete (Saturday 14 June), Broadstone Family Fun Day (Sunday 06 July) and Westival 29025 (Saturday 12 July).

Summer Road Run & BBQ - book now!

There are now just a few weeks left to enter for our 1020 Summer Road Run and Barbeque which will take place at Pamphill Village Hall on Sunday 29 June.

The run will start as usual from Hamworthy Sports Club and finish at Pamphill Village Hall near Wimborne - Adrian Mullins has created an interesting 57-mile road route to get from the start to the finish.

Cars can arrive from 10am and it is suggested they depart by 10.30am - but there is no urgency to leave as the day is very relaxed and flexible.

At Pamphill Hall participants will be served a freshly cooked professional BBQ featuring a selection of meats (vegetarian options), salads as well as the choice of tea or coffee and ice cream for dessert.

Entry fee for the run is £5 per car to include the route book and a rally plaque. The BBQ and ice cream costs £18 per head - which must be paid in full at the time of booking.

Entry forms are available at club nights from Pip Bonner or Adrian Mullins or via email: adrianmullinsmgb@gmail.com

Closing date for entries is Monday 16 June.

Watch the MGs in action at Gurston Down

The MGs are back in action at the Gurston Down hillclimb next month on Saturday 05 July - Andy Munden is once again volunteering to co-ordinate a club group visit to the event.

The organisers have arranged a discount for 1020 club members using an on-line booking code so that advance tickets are priced at £10 per person instead of the normal adult rate of £12.50 (or £15 on the gate on the day).

As in previous years, the plan is for club members to assemble at the Horton Inn at 9.30am on Saturday 05 July and travel in convoy (a short 15 minute journey) so that we can be parked together in a reserved area - it's then a free day to watch the action up the hill.

Anyone interested in visiting Gurston on that day is asked to contact Andy Munden direct for full details - he needs names by Sunday 15 June. His email is: andy@themundens.net

1020 Evening at The Martyrs Inn

Places can still be booked for our exclusive MG night at The Martyrs Inn at Tolpuddle on Wednesday 11 June.

The car park will be reserved specifically for club cars which can arrive from 6pm. Those who want to have a meal are asked to book a table direct with the pub on tel: 01305 602115.

Alternatively, you can just turn up and have a drink and a chat - but please let Chris Adamson know if you plan to attend so he can advise the landlord of likely numbers.

The Martyrs Inn is located just off the A35 Bere Regis to Dorchester Road in the heart of the village of Tolpuddle before you reach Athelhampton House.

Surrey Run to aviation museum

Sunday 13 July is the date of the Epsom Area MGOC annual charity fund-raising Surrey Run which starts as usual at Bocketts Farm near Leatherhead.

A scenic route has been planned covering around 60 miles finishing at the Gatwick Aviation Museum where there will be dedicated MG parking.

The £24 entry fee includes a rally plate, route instructions, entry into the museum for the driver and a passenger and a free entry into a prize draw.

Details and an entry form can be found on the Epsom MGOC website: www.epsommgoc.org.uk

BMC Celebration at Gaydon

The British Motor Museum at Gaydon in Warwickshire is preparing to host its annual BMC and Leyland Car Show on Sunday 13 July.

Supported by Peter James Insurance, the event promises a display of a huge variety of vehicles covering everything from Morris Mini Minors to Rover 800s and a Triumph TR7 to an Austin Allegro.

The 2025 edition of BMC and Leyland Show will also mark the 70th anniversary of the founding of the British Motor Corporation Competitions Department at Abingdon on Thames. The Abingdon Works Motorsport Celebration, supported by Mini Cooper Register and the Historic Marathon Rally Group, will be putting on a display of 100 cars to recognise the success of BMC and British Leyland rally and sports cars across three decades.

Find out more, including how you can take part with your MGB, at the British Motor Museum website.

British Classics on Poole Quay

The ever-popular Car Nights are returning to Poole's historic waterside quay this coming summer on every Friday evening from 04 July to 29 August running from 6pm to 9pm with a different theme each evening.

The road along the quay will be closed to all other traffic to allow cars meeting the theme criteria to park - places are always in demand, so an early arrival is recommended.

The themes range from Land Rover and Military Vehicles to Hot Rods and Custom Cars with evenings for Italian, French and Japanese makes. New for 2025 is a TVR and Jaguar meeting

Of particular interest to club members will be Friday 25 July as this is British Classic Car Night.

You can join the MGF30 birthday party

Club members who own a modern classic MGF or MGTF are reminded that the British Motor Museum at Gaydon is the venue on Sunday 06 July for a major gathering for the Longbridge made models which are this year marking 30 years since the first MGF rolled off the production line.

The MGF (and its mild-facelift successor, the MGTF) were sold under the MG brand name by three different owners between 1995 and 2011 and, for many years, was the best-selling sports car in Britain.

The production version MGF was unveiled at the Geneva Motor Show on 08 March 1995 and went on sale here in the UK in September that year; powered initially by a 1.8 litre 120bhp engine which was joined several months later by a 145bhp VVC (variable valve control) power unit.

The MGF was hugely popular across Europe and received plaudits for its excellent ride and handling. It received a mild facelift in August 1999 with a revised interior as well as styling tweaks and fresh alloy wheel designs. There was also the introduction of a base 1.6 version and an automatic version with a CVT transmission while the 160bhp Trophy, joined the range a year after the facelift.

The 30th anniversary celebrations are being led by the MG Car Club's MGF Register over the weekend of 05 and 06 July.

The Saturday involves a road run and an overnight at the Mercure Walton Hall Hotel, while on the Sunday there is a mass gathering (for MGFs, MGTFs and any other MG models) at the British Motor Museum.

Tickets for the Sunday event will be available from the BMM website (www.britishmotormuseum.co.uk) priced at £12 for car and driver (passengers additional charge) and there will be the option of MGF/TF Priority Parking (with a special MGF30 rally plaque). See the MGF30 advert in this newsletter.

You can find out more about the MGF Register and MGF30 at: www.mgfregister.org

Entries open for Canford Classics

What was previously the Clayesmore School Classic and Supercar Show has moved location and for 2025 will be staged in the grounds of Canford School (adjacent to the Hamworthy Sports Club) on Sunday 24 August.

Now called the Canford Classics and Supercar Show the organisers are expecting around 600 cars to take part. There will be paddocks for Classic Cars and Supercars plus family entertainment, food outlets and live music.

Entry fee for accepted exhibitor cars is £15 for the driver and one passenger.

However the organisers are reviewing all entries before allowing an entry to proceed to check that vehicles meet their 'exhibition criteria'.

The fee includes complimentary breakfast rolls and hot drinks for two people, access to the 'Owners Hall' and 'Owners Pavilion' and entry into award categories for the best cars in show.

Cars can arrive between 8am and 9.45am and need to stay on site until at least 2.30pm. The show is planned to finish at 3pm.

Full details and on-line booking can be found at: www.apertaevents.com/events/canford-classic-supercar-sunday

Everyone invited to MG and Rover Day

New Forest parts specialist, Discount MG Rover, who were the main sponsors of MG 100 at Beaulieu, are to host their next Open Day at the Gang Warily event grounds near Fawley on Saturday 30 August.

Although primarily open to owners of MG and Rover marque cars (primarily the Z Series and MGF and MF models that they specialise in), Scott Biddlecombe and his team will also welcome all ages of MG and other interesting cars and their owners.

Event access is free and is an opportunity to meet and chat with other MG and Rover owners and see some interesting and rare models from the 1990s and 2000s. There is also food outlets and spares and parts sales. For more information check out the website: www.dmgrs.co.uk

Steam-up for latest 1020 coach trip

Club members enjoyed a day exploring a different form of transport when they joined the latest coach trip to visit the Museum of the Great Western Railway (STEAM) at Swindon.

After a scenic cross-country journey (the coach driver Russ assured us it was the quickest and most direct route) everyone lined-up for the traditional group photograph outside the museum which is housed in a restored Grade II railway building in the heart of the former Swindon railway works.

Many took the opportunity to visit the café before delving into the fascinating museum packed with a wide range of artifacts including famous GWR locomotives, carriages, imaginative and story-telling displays.

There were also videos - mixing rare archive film footage with the stories of ex-railway workers - hands-on exhibits, interactive displays and rare GWR memorabilia.

Together the exhibits tell the story of the men and women who built, operated and travelled on the Great Western Railway.

A few chose to miss the museum and head straight for the extensive Swindon Designer Outlet shopping centre - others joined them for a quick shopping trip later in the day.

The return journey should have been via a faster route but was subject to a detour caused by a road accident and then held-up in congestion around Salisbury - but eventually everyone got back to their cars after a memorable day out.

Classics back on the Quomps

After the aborted, rain dampened, first meeting of 2025 on Christchurch Quay in April the pent-up demand for spaces at the 05 May (Bank Holiday Monday) meeting resulted in over 700 cars arriving, giving the marshals a tough job getting everyone in.

The massed gathering included several 1020 club MGs and an assortment of fellow club members in a variety of other machinery. It was good finally to catch-up with old friends in the classic car world and thankfully the weather stayed fine all day.

The meetings continue on Sunday 08 June and Sunday 22 June, then Saturday 12 July with the final scheduled meeting on Sunday 28 September. All the dates are governed by the weather and the ground conditions.

The events are open to cars registered before September 2001. Entry fee is £2 per car and all vehicles are required to provide and use a drip tray. Details can be found at: <http://bppcltd.com/ccotf/>

Picnic in the Park at Lymington

Ashley Miller, lead organiser of Classic Cars on Christchurch Quay, is inviting regulars to another classic event he is masterminding on Sunday 03 August.

Picnic in the Park (open to the public from 11am) takes place at Woodside Park, Rookes Lane, Lymington, SO14 8FPT.

Exhibitors will be able to arrive from 9.30am, although the official gate opening time is to be advertised as 10am - this is to avoid large queues forming early on. The event is due to finish at 4pm. Admission is free and while drip trays are recommended they are not compulsory.

Life in the left lane

Club members were treated to an entertaining and informative talk last month on the highway code and being a driving instructor by guest speaker Clive St James Greenaway (pictured right) who for many years was a senior driving instructor in Bournemouth.

His 'Life in the Left Lane' presentation included a brief biography of his driving career (including driving a Chieftan tank) and stories about driving instruction and driving test 'incidents'.

Clive, who explained some of his points using magic tricks borrowed from the late great Tommy Cooper and a 'driving instructor' radio clip featuring American Bob Newhart, peppered his free flowing talk with facts and figures such as the statistic that the Give Way sign is the most seen in Britain and why roundabouts are safer than cross-roads.

He also introduced his most famous invention - the blow-up passenger designed to make female drivers feel safer at night.

He concluded with some simple 'carobic' exercises and advice on how to remain calm and reduce the impact of road rage through 'laughter yoga'.

The talk was followed by a short highway code quiz which was won by the table who scored nine out of a possible maximum of 10 points.

MGs galore at Beaulieu Autojumble

MGs had a high profile at the Beaulieu Spring Autojumble last month with a diverse collection being offered in the thinly populated MotorMart arena and others found interspersed between the thousands of trader stalls.

Chris Adamson spotted the following examples.

Club member Martin Harris had his 1954 TF (1250cc) up for sale with a reduced price tag of £15,500 to clear space in his garage. He has owned the car for the past 15 years and reports it has been the subject of an engine and brakes overhaul and features an upgraded rear axle. It comes with a Heritage Certificate, 'lots of history', and has an MoT until May 2026.

Not far away an optimistic owner was offering his wife's Black Tulip 1977 MGB for £12,995. As will be noted it is a rubber bumper conversion and features upgraded brakes and power steering while the interior has been given the wooden make-over - the door caps already showing serious signs of peeling varnish.

Much prettier was a round wheelarch' 1275cc MG Midget, complete with a full engine rebuild about 1,000 miles ago (at a cost of more than £4,300), plus a recent new clutch. It also comes with a mohair hood, Minator wheels, a wood-rimmed steering wheel and a stainless-steel boot rack. Based on this the £4,695 price tag looked good value.

From MG's more recent output this 2005 MGTF 135 with 75,000 miles on the clock was priced about right at £1,995 and looked in decent condition.

The same could not be said for a dusty 1971 MGB GT in the autojumble - it was open to offers for the brave restorer.

A better option appeared to be a well documented 1979 MGB Roadster claiming 78,000 miles from new that had a sub £5,000 price tag and looked like to wouldn't need much to get it firing on all cylinders.

Poole to the Lizard Point in a morning

Club members Alistair Reid and Velma Luke have been off on their travels in their MGB Roadster 'Libby' once again - this time heading west to visit the Lizard Point in Cornwall.

Alistair reports . . .

"We set off from Poole at 6am just as the sun was rising (see right) and headed down the A31 before joining the A3052 at Lyme Regis and then onto the M5 - it was an absolute fabulous route with lots of

twists and turns mixed with fast sections and lots of little villages.

As we headed down the A38 the sky blackened so we stopped at Ashburton Services for a coffee and to put the roof up.

Approaching Plymouth the rain was absolutely teeming but Libby's roof kept it all out - good news there.

Finally, it was onto the A30 which was being built when I was last this way - and what a top job they have done. Arrived at Lizard Point just as the sun was coming out again giving us a great view of Kynance Cove (left) and arriving at our B&B just after lunchtime - not bad for a 218 mile journey."

Visiting the home of Bangers and Cash

Club members Eddie and Sybil Milligan recently visited Yorkshire and took the opportunity to visit the famous Mathewsons auction house (home to the television programme Bangers and Cash) with its huge expanse of storage sheds crammed with interesting classics, including a number of MGs.

Eddie says it was difficult to pick his favourite - here are some of his photographs to help you decide on yours.

Their tour also took in the North Yorkshire Railway for a trip to Whitby where they climbed the 199 steps up to Dracula's Abbey and a Kite Festival at Bridlington and the James Herriot Museum at Thirsk.

GOODWOOD REVIVAL

Goodwood has announced the race list for the 2025 Goodwood Revival which takes place between Friday 12 and Sunday 14 September.

The Revival meeting's blue riband RAC TT race once again features closed-cockpit GT and selected prototype cars from 1960 to 1964. A tribute to the Goodwood Nine Hour races of the 1950s, the Freddie March Memorial Trophy comprises a 60-minute two-driver race for the likes of Jaguar C-Types, Aston Martin DB3s and Allard J2Xs.

The Sussex Trophy features World Championship sportscars and production sports-racing cars that raced from 1955-1960, expect to see Lotus 15s, Lister-Jaguar Knobblys and Jaguar D-Types in action. Making its thirteenth appearance the Madgwick Cup consists of a 25-minute race for sports racing cars under 3-litres that raced between 1960 and 1966.

Recalling the earliest days of the circuit, the Goodwood welcomes a grid of Grand Prix and Voiturette cars that raced between 1930 and 1951 including ERAs, Maserati 6CMs and the BRM Type 15 V16. The Barry Sheene Memorial Trophy pays homage to 500cc Grand Prix motorcycles that raced between 1948 and 1966 including Norton Manx 30Ms and Matchless G50s.

Previously known as the Kinrara Trophy before being re-named in 2020, the Stirling Moss Memorial Trophy returns to the race list featuring closed-cockpit GT cars that raced before 1963.

The fastest race of the weekend, the Whitsun Trophy spotlights sports-racing prototypes that raced between 1960 and 1966 including Lola T70 Spyders, McLaren M1Bs and Ford GT40s. The Fordwater Trophy will see race-inspired production sports and GT cars from 1964-1966 battle it out for victory, including Lotus 26Rs, Ford Mustang GT350s and Alfa Romeo TZ1s.

The 2025 St Mary's Trophy will welcome a collection of 1950s production-based saloon cars in a two-part race - look out for Austin A40s, Alfa Romeo Giulietta Tis and Jaguar Mk1s and a VIP line-up of drivers on the Saturday.

The Chichester Cup brings together a grid of small but nimble front-engined Formula Juniors, promising a showdown between Lola Mk2s, Alexis Mk2s and Elva-BMC-100s. Celebrating a golden era of Formula 1, the Richmond & Gordon Trophies welcome a fleet of 2.5-litre Grand Prix cars from 1952-1960 and the Glover Trophy brings together Grand Prix cars from 1961-1965.

OCTOBER

06	1020 Club Night - AGM & Call My Bluff	1020mg.org.uk
